

Cookie Coloring

Here's a more colorful way to record your solutions: Start with a picture of the cookies in their jars. For example, here's a picture of 6 jars:

To record your solution, first color all the cookies you took out in the first round **red**. Then color the cookies you took out in the second round **orange**, then color the cookies you took out in the third round **yellow**, and so on, in rainbow order:

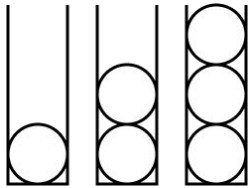

Cookie Coloring

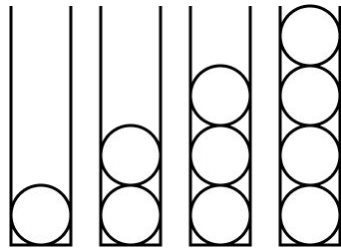

Color in the cookies to record your solutions!
