

Queen's Move

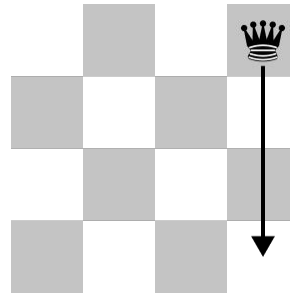

Queen's Move is a two-player game played with a chess Queen on a chessboard. Here are the rules for Queen's Move:

- Player 1 chooses which square the Queen starts on, and then Player 2 decides whether to go first or second
- Players take turns moving the queen
- The Queen can move any number of squares in any of these three directions:

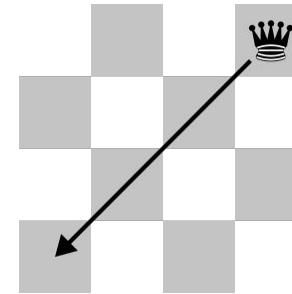

To the left

Down

Diagonally down and
to the left

- The player who moves the Queen to the **bottom left square** is the winner
