

# Sliding Down Ladders

## The Rules of Ladder Puzzles:

- Four letters start on the top of the poles of a ladder.
- The letters fall down the poles and each time they reach a step they move from one pole to the next.

The left shows a ladder puzzle with three steps. The drawing on the right shows the paths **A** and **C** take down the ladder.

The — line shows the path **A** takes.

The . . . line shows the path **C** takes.
